## OBJECTIVE

Highly motivated and detail-oriented individual with a strong foundation in computer programming. Proficient in C, basic Python, and Java, with a proven ability to learn new technologies quickly and effectively. Demonstrates excellent problem-solving skills and a keen interest in software development.

## EDUCATION

Institution & qualification	Year of graduation	Percentage/CGPA
Saveetha Engineering College (B.Tech)	2021-2025	8.0(Till 5 <sup>th</sup> sem)
Sri Chaitanaya Academy jr.College(XII)	2019-2021	9.7
Kuppam Public School (X)	2018-2019	10

## SKILLS

### Technical skills:

- C
- Python(basic)
- Java (basic)
- Data science
- Machine learning

### Soft Skills:

- Team Work
- Quick Learning
- Time management
- Creativity

## CERTIFICATIONS

- Manipal university paper presentation – 2024
- Coursera certificate on What Is Data Science-2024
- Coursera certificate on Machine Learning With Python-2024
- Coursera certificate on Data Analysis With Python-2024
- Principles of Self Driving Vehicles and Renewable Energy Integratiom-2024- At SRM University
- ICT Academy Certifications -2023ICT Academy Certifications -2023

## PROJECTS AND INTERNSHIPS

### INTERNSHIP (Feb-2023):

**Company:** BECBE Technologies

**Domain:** Web Development

**Duration :** One Month

In this Internship, I gained a basic knowledge of Web Development using HTML,Python Templates

### MINI PROJECT (2023):

**Project title:** Music Therapy using emotion detection and real time capture using CNN algorithm

#### Project Description:

In this project, we have collected the different images from the age groups and used the preprocessing techniques and made applicable in the real-time image capturing using “OpenCV” and using different kinds of music for different emotions

## HOBBIES:

- Listening music
- Shuttle
- To know about different places and their cultures.
